

## Vest Inserts and Possible Uses

When we began to think about cards for NIMS Job Titles and Position Titles, we decided to keep it simple. I've provided you with an Adobe PDF version and a Microsoft Word version of the following:

### Front pocket:

**Job Title Cards** – these cards should be printed and trimmed along the lines. Feel free to laminate them either before or after trimming them, depending on your preference.

**Position Title Cards** – use the same printing or laminating method for these cards, and slip them into the pocket all the way to the bottom, so that they overlap the bottom of the Job Title Card. For example, the “Transportation” card would slip in first, and then you would slide in the “Group Supervisor” card all the way to the bottom of the pocket so that you would read “Transportation Group Supervisor” when looking at the pocket.

### Back pocket:

**Job Title Cards**

**Position Title Cards**

Same theory as the front pocket cards.

Please note that there are of course many other ways these cards could be created. We hope that these documents prove useful to you, and are open to future suggestions.
