

Providing Pro Bono Services at a Free or Reduced Fee Healthcare Clinic in Vermont

Under Vermont law, [26 VSA 1395 \(c\)](#), a physician who holds an unrestricted license in all jurisdictions where the physician is currently licensed, and who certifies to the Vermont Board of Medical Practice that he or she will limit his or her practice in Vermont to providing pro bono services at a free or reduced fee healthcare clinic in Vermont, is eligible for a free Vermont license. There is no limit on the amount of such pro bono services that can be provided.

The physician must meet the Board's criteria and must file with the Board information on medical qualifications, professional discipline, criminal record, malpractice claims, or any other such information as the Board may require. The license granted authorizes the licensee to practice medicine or surgery on a voluntary basis in Vermont for a free or reduced fee clinic.

Of the basic requirements for a Vermont license, the following can be obtained through FCVS:

- Birth Certificate
- Copy of Medical School Diploma
- Medical Education Direct Verification
- Examination Scores
- Postgraduate Training Direct Verification
- Educational Commission for Foreign Medical Graduates (ECFMG) Certificate

If you have any questions about this process, please contact the Licensing Administrator at (802) 657-4223 or the Executive Director at 802-657-4221.
