

**STATE VERMONT
BOARD OF MEDICAL PRACTICE**

In Re: Michael E. Scovner, M. D.

Docket No. MPN 50-0150

Hearing Order

A status conference was held in this matter on January 8, 2015 at the State's request. The State was represented by Assistant Attorneys' General William Reynolds and Kacie Diederich. The Respondent, Dr. Scovner, was represented by Atty. Karen Tyler.

The State reported that its expert witness, Dr. Gilbert Franciullo, will not be available until mid-February to review a second set of voluminous medical records which has been provided by the Respondent. All agreed that the proceedings have reached a stage where little more can be accomplished until Dr. Franciullo has reviewed these records and offered his expert opinion on whether they meet "essential standards."

Accordingly, it is hereby ordered that these proceedings are suspended until March 2, 2015. At that time, the parties will file a schedule which sets dates for completing discovery, filing motions and trial.

Dated at Burlington, Vermont, this 8th day of January, 2015.

Hearing Officer
