

Have you come across a product that appears to qualify for Vermont WIC but the swipe machine says it is not a WIC item? Please let us know!

We may have missed a UPC so the product is not scanning properly.

Here's what you can do:

Send an email to Jackie Charnley jackie.chnrley@state.vt.us at our WIC headquarters.

Include:

- Product name
- Package size
- Price
- UPC number -this is the bar code on the side that looks like this- give all 12 numbers, including the little ones at the beginning and end.
